

JACKET MEASUREMENTS

These are actual jacket measurements. We recommend you use sizing jackets to fit students; however, these measurements can aid in some situations. MRM Grad Sales is not responsible for incorrect sizing by customer.

1. All measurements are in inches.
2. Chest – measured 1” below armhole. Measured Half – i.e. we measure from the front after closing snaps and putting the jacket flat on the table. The full chest is twice this measurement.
3. Sleeve Length – Measured from the center back to the edge of the cuff along the curve of the sleeve, including cuff.
4. Center Back Length – Measured from the lower end of the collar, in the center of the back, to the end of the bottom knit, including bottom knit.
5. Bottom – Measured Half – i.e. we measure from the front (middle of bottom knit) after putting the jacket flat on the table. The full bottom measurement is twice this measurement.
